The dimmer switch (4) allows you to set the brightness of the LED display to high, medium and low 3 levels.

Daylight saving time (DST) mode

- For countries with daylight saving time (DST) (one hour of difference between summer time and winter time), this clock radio offers you DST option to adjust summer time.
- In standby mode press and hold for 2 seconds the >>/TUNE+/DST button (5).
- The clock advances by one hour. To exit DST mode, repeat the above operation.

Resetting

If the system does not respond or exhibits erratic or intermittent operation, you may have experienced an electrostatic discharge (ESD) or a power surge that triggered the internal microcontroller to shut down automatically. If this occurs, simply disconnect the ac power cord and remove the system backup battery, wait for at least 3 minutes and then setup the unit again as if it is a brand new unit.

Projection unit

- Focus setting : Adjust the projection clock brightness/focus by turning the brightness/focus adjustment wheel until the projected time is clearly shown on the ceiling or wall.
- Adjust projected direction.

- To flip projected image by 180°, press PROJECTION TIME 180° FLIP button (14).

NOTE:

*Projects time image on the ceiling or wall of a darkened room.
Maximun projection distance is 3-9 feet.*

SPECIFICATIONS

Frequency range:	87.5 – 108 MHz
Battery backup:	3V (CR2032 Flat Lithium battery x 1) not included
Power supply:	AC230V 50Hz
Power consumption:	5W
Dimensions:	180 x 75 x 100 mm
Weight:	455 g

INSTRUCTIONS AND INFORMATION REGARDING THE DISPOSAL OF USED PACKAGING MATERIALS

Dispose of used packaging material at a site designated for waste in your municipality.

DISPOSAL OF USED ELECTRICAL AND ELECTRONIC EQUIPMENT

This symbol on products or original documents means that used electric or electronic products must not be added to ordinary municipal waste. For proper disposal, renewal and recycling hand over these products to determined collection points. Or as an alternative in some European Union states or other European countries you may return your products to the local retailer when buying an equivalent new product.

Correct disposal of this product helps save valuable natural resources and prevents damage to the environment caused

by improper waste disposal. Ask your local authorities or collection facility for more details.

In accordance with national regulations penalties may be imposed for the incorrect disposal of this type of waste.

For business entities in European Union states

If you want to dispose of electric or electronic appliances, ask your retailer or supplier for the necessary information.

Disposal in other countries outside the European Union

This symbol is valid in the European Union. If you wish to dispose of this product, request the necessary information about the correct disposal method from the local council or from your retailer.

The product meets EU requirements.

Hereby, FAST ČR, a.s. declares that the radio equipment type SRC 340 is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: www.sencor.eu

Changes in the text, design and technical specifications may change without prior notice and we reserve the right to make these changes.
